ABOUT ME

Detail-oriented and versatile Full Stack Web Developer with hands-on experience in both front-end and back-end development. Proficient in building responsive web applications and RESTful APIs.

Skilled in working across the full software development life cycle, from concept to deployment and maintenance. Passionate about creating efficient, scalable, and user-focused solutions.

WORK EXPERIENCE

SILICON OVERDRIVE

2020–NOW

Full Stack Developer

- Work with clients to identify project goals, implement solutions, and maintain ongoing support
- Maintain, debug, and improve existing websites and applications
- Integrate the front-end (HTML, CSS, JavaScript) with backend logic and data handling using PHP
- Develop and deploy multiple RESTful APIs for client projects using PHP and MySQL/PostgreSQL
- Design and implement database schemas for scalable and efficient storage

D’VINE RENEWAL

2023–NOW

Tech & Web Support (Part-time)

- Designed and maintaining WordPress website
- Handled Twilio/WhatsApp integrations, SMS and email fallback systems, and automated appointment reminders
